Bowls Tasmania South Inc.

CONDITIONS OF PLAY FOR DOMESTIC COMPETITIONS

Note: Matters not specifically set out in these Conditions are to be dealt with according to the Laws of the Sport of Bowls (including domestic regulations for Australia) January 2015 Crystal Mark Edition (“the WB Laws”) and Bowls Australia (BA) policies. In the event of any conflict between these Conditions of Play and the WB Laws, the WB Laws prevail.

SECTION 1. GENERAL

- 1.1 All Bowls Tasmania South (BTS) competitions will be arranged and supervised by a BTS Match Committee, which has authority to take any action deemed necessary for the satisfactory conduct of such competitions, but MUST conform to WB Laws.
- 1.2 Every member of an affiliated club in respect of whom BTS has received an annual registration is eligible to play in BTS Championships and pennant in a competition designated for them. For team events players may be members of different clubs.
- 1.3 Where a member transfers membership to another club, a completed clearance form must be received by BTS prior to the member being eligible to play pennant for the new club.
- 1.4 A member shall not play in the Championships of more than one club in any one season and, where a pennant player holds dual membership, he or she may play only in the Championships of the club for which he or she has nominated to play in pennant competition.
- 1.5 There shall be no discrimination in favour of either synthetic or natural surfaces in the allocation of BTS Championships or Pennant events.
- 1.6
 - (a) Mobile phones are not permitted to be used on the greens or their immediate surrounds.
 - (b) Smoking within 20 metres of greens and seating areas beside greens is not permitted during BTS Championships or pennant competitions. The smoke-free area will apply during the games and for the period 30 minutes before and after the competitions. Clubs are responsible for providing designated smoking areas. Clubs will make individual rulings depending on their circumstances (i.e. synthetic greens etc.) Where designated smoking areas have been provided at a Club, these areas must be used. E-cigarettes are a form of smoking and are included under this Condition of Play.
 - (c) Player Code of Conduct includes abusive language, dissension, or conduct unbecoming, or actions which would bring the game of bowls into disrepute. The administration of this condition is to be applied in accordance with the BA Disciplinary Policy.

-
- (d) BTS will set up a tribunal consisting of at least three persons to consider any complaints received under this Condition of Play.
- 1.7 Players with a hearing disability can use electronic devices to communicate with each other whilst on the rink of play. Any such use must be approved by the Chair of the BTS Match Committee.
- 1.8 Uniforms
- 1.8.1 The BA Logo Policy (Dress Regulations) as amended from time to time will apply to all persons playing in BTS Championships and pennant competitions.
- 1.8.2 All persons playing in pennant competitions must wear their own approved Club's uniform.
- 1.8.3 Players from a club making up a composite pennant side may wear approved attire as if they were a side in their own right.
- 1.8.4 A club may seek temporary relief from this Condition of Play if any of its players are unable to comply due to circumstances beyond their control. Any such relief must be approved by the BTS Match Committee.**
- 1.9 Bowls Stickers
- 1.9.1 Players in team or side may use bowls stickers that are different in size.
- (a) The stickers must, however, **be one layer only**, the same design and colour and where used must be adhered to both sides of the bowl;
 - (b) On the bias side (the small ring) the stickers may be a small ring and/or the dot. The small ring and/or dot may cover the distinctive mark (engraving) but must not cover the WB stamp or serial number;
 - (c) It is acceptable for one or more members of a team/side to use a small ring and another use the dot (these are stickers of different size);
 - (d) The stickers used on the bias side of the bowls may be partially trimmed to ensure that the WB stamp and serial number remain visible;
 - (e) It is acceptable for players to have the rings cut into sections, accommodating the large distinctive mark (engraving) now found on some models of bowls. Further, it is acceptable for only some members of the team/side to have the rings cut into sections;
 - (f) It is not contrary to the WB Laws for the stickers used on the non-bias side (i.e. the large ring) to partly cover the distinctive mark (engraving) on the non-bias side; and

-
- (g) The stickers must be applied to each set of bowls in the same way (for example, if the dot is used on the bias side, it must be used on each of a player's bowls used in that match).
- 1.9.2 Where bowls stickers are affixed to bowls, the stickers must be identical for all bowls in use by a:
- (a) Player in a singles event;
 - (b) Team in a team event; or a
 - (c) Side in a side event, except that in the case of a composite pennant side, each player may use bowls displaying the stickers of their own Club.

Notes:

- (1) A team, can be, a pair (2 players) a triple (3 players) or a four (4 players).
- (2) A side includes two or more teams or singles players and may comprise singles, pairs, triples or fours or any grouping of these.

1.10 Condition of Greens

- 1.10.1 If a green of a Club, after inspection by the BTS Greens Advisory Committee in the normal course of its duties, or following a written complaint received, is deemed unfit for the playing of Pennant matches:
- (a) The BTS Match Committee can direct the Club to make arrangements to play their remaining Pennant matches on another Club's green and, if arrangements are not made:
 - (i) Order the forfeiture by such Club of all Pennant matches scheduled to be played on its green; and
 - (ii) Withdraw approval from that Club for the conduct of any Open Tournaments for the remainder of that season.
 - (b) The Club concerned will, after notice from the Secretary of BTS, take such steps as the BTS Greens Advisory Committee considers necessary to bring the green to a reasonable standard and if, following such action, the BTS Greens Advisory Committee subsequently certifies that the green has become fit for competition play, the Match Committee can authorise return to normal Pennant play on the Club's green and reinstate approval for any Open Tournaments previously scheduled for that part of the season remaining.

-
- 1.10.2 If a green is deemed unfit for Pennant play by the BTS Greens Advisory Committee at the time of closing of pennant entries in the following season, the BTS Match Committee can refuse to accept entries for the Pennant Competition from that Club.
 - 1.10.3 It is expected that, under normal weather conditions, greens in Southern Tasmania should commence play at a speed between 12 and 16 seconds. Clubs, whose greens are consistently reported as being outside these guidelines, will be contacted by the BTS Greens Advisory Committee to discuss possible corrective action.

1.11 Dumping of Bowls

The BA Greens Protection Policy as amended from time to time will apply to all BTS events. The Policy outlines actions that can be taken by clubs or BTS against players who “dump” their bowls and in doing so cause damage to greens.

1.12 Restricting Movement of Players

Restricting the movement of players during the course of play will be enforced in accordance with Appendix A4 of the WB Laws.

Prior to the start of each end, the following players will take their position at the mat end of the green:

- Pairs game: the leads.
- Triples game: the leads and seconds.
- Fours game: the leads and seconds (the third may elect to stand with the skip at the head).

After delivering their first bowl, players will only be allowed to follow their bowls up the green or walk up to the head under the following circumstances:

Singles (each player playing four bowls)

- the opponents: after delivery of their third and fourth bowls.

Pairs (each player playing three bowls)

- the leads: after delivery of their third bowl
- the skips: after delivery of their second and third bowls

Pairs (each player playing four bowls crossover)

- the leads: after delivery of their second bowl;
- the skips: after delivery of their second bowl.
- the leads: after delivery of their fourth bowl and;
- the skips: after delivery of each of their third and fourth bowls.

Triples (each player playing two bowls)

- the leads: after the second player in their team has delivered their second bowl;
- the seconds: after delivery of their second bowl.
- the skips: after delivery of each of their bowls.

Fours (each player playing two bowls)

- the leads: after the second player in their team has delivered their second bowl;
- the seconds: after delivery of their second bowl.
- the thirds: after delivery of their second bowl and;
- the skips: after delivery of each of their bowls.

In exceptional and limited circumstances, a skip can ask that a player walks up to the head, or a player to the marker in singles, earlier than described above. If a player does not meet these terms, WB law 13 will apply.

1.13 Penalties for Infringement of Conditions of Play and / or WB Laws

1.13.1 General – Applicable to BTS Championships and Pennant Competitions

- (a) The infringement of any WB Law or of a Condition of Play may involve disqualification or replay, a penalty set down in the laws of the game, or such other penalty as the BTS Match Committee or the BTS Board may determine in respect of a player or team in accordance with Condition 1.13.1 (c) of these Conditions of Play. A right of appeal to BTS shall exist in relation to the imposition of a penalty or sanction.
- (b) Any player required to play in an event under the control of Bowls Tasmania (BT) or BTS shall not be penalised for their non-appearance in an event under the control of a club, which is scheduled for play at the same time.
- (c) The BTS Match Committee may impose penalties for infringing Conditions of Play including:
 - (i) **Reprimand.**
 - (ii) Loss of any number of Pennant Points.
 - (iii) Fines of up to \$500 per incident
 - (iv) Exclusion from competition(s) for specific events, on specific dates or for a period of time.
- (d) If the Umpire, either by their own observation or on appeal from one of the skips or the opponent in singles, decides that a player is deliberately delaying the delivery of the player's bowl:

-
- (i) On the first occasion the Umpire will warn the player and direct that player to play their bowl/s without further delay.
 - (ii). If the player commits the same offence a second time the end will be regarded as completed and the opponents of the offender will score as many shots as there are bowls in use by such opponent.
 - (iii). If the player offends a third time the game will be forfeited to the opponent.
In pennant play, only the game on the offending rink will be forfeited.
- (e) Slow Play Rule to National standards of 30 seconds may be invoked at random if players are believed to be purposely taking up time.
 - (f) **If a club refuses entry to its greens to a player from an opposing club, the match will be transferred by the BTS Match Committee to a neutral venue. If a club refuses to comply with this Condition of Play, then the game shall be regarded as a forfeit, and pennant points and shot allocations provided for in Conditions 1.13.3 (f) shall apply.**

1.13.2 BTS Championships Only

- (a) Should a player/team not appear at the scheduled time for play, without reason acceptable to BTS, each such player shall be subject to a fine of \$20 and be ineligible to play in the same event in the following season.
- (b) Withdrawal after the draw has been done will result in the forfeit of entry fees paid.

1.13.3 BTS Pennant Competitions Only

- (a) Any forfeits by a club shall be in the club's lowest division in that competition. Where a club forfeits five matches in a pennant season, that club's lowest side will be automatically withdrawn from the pennant competition.
- (b) Where a bye is created following the withdrawal of a pennant side in the first round, then the matches that have been played against the withdrawn side will be regarded as byes, with pennant points and shots being disregarded from those games. Where the withdrawal of the pennant side occurs in the second round, the results of the first round matches will stand, and the completed games, from the commencement of the second round will be regarded as byes, with pennant points and shots being disregarded from those games. Where a third round is played and the withdrawal of the pennant side occurs in the third round, the results of the first and second round matches will stand, and the completed games from the commencement of the third round will be regarded as byes, with pennant points and shots being disregarded from those games.

-
- (c) If a side joins a Division after the commencement of the season, it will not receive pennant points or shots for any games not played.
 - (d)
 - (i) In the event that a side plays a non-eligible player in a game then that game shall be regarded as a forfeit, and pennant points and shot allocations provided for in Condition 1.13.3 (f) shall apply.
 - (ii) If a Club appeals more than 48 hours after the conclusion of a game that a side has played a non-eligible player in a game, the side playing the non-eligible player will not receive any pennant points and will receive a penalty of minus 15 shots. The opposing team will only receive the pennant points and shots earned in that game.
 - (iii) If BTS becomes aware more than 48 hours after the conclusion of a game that a side has played a non-eligible player in a game, the side playing the non-eligible player will not receive any pennant points and will receive a penalty of minus 15 shots. The opposing team will only receive the pennant points and shots earned in that game.
 - (e) If a green is timed at less than 12 seconds or greater than 16 seconds, an explanation shall be provided by the home club on or with the result sheet. If that explanation is not accepted as satisfactory by the BTS Board, the home club will forfeit six points from each of its sides playing on that green on that day.
 - (f) A side not available to play within 30 minutes of the scheduled time of commencement will forfeit the match, not receive any pennant points and receive a penalty of minus 15 shots. The opposing side will receive the maximum number of pennant points applicable in the game and be credited with 15 shots.
 - (g) If a pennant side arrives to play with only 12 players (being the minimum) of the 16 required, then it MUST be four teams of three players all and NOT three teams of four players with one team forfeiting. (Where it is only a three team competition, then it MUST be a minimum of nine players with three teams of three players. Where it is only a two team competition, then it MUST be a minimum of six players with two teams of three players.) Where possible, substitutes should be obtained. This situation only applies to a Club's lowest competing side, otherwise automatic forfeiture of the whole side is in question. Penalties defined in Condition 1.13.1 (c) apply for non-conformance.
 - (h) Failure to complete the results sheet correctly or to notify results within the stated time will, unless an explanation is given to and accepted as satisfactory by the BTS Board, incur the same penalty for the home club as set out in Condition 1.13.1 (a).
 - (i) No player shall play in more than one match of the same round. In exceptional circumstances the Chair of the BTS Match Committee may on application waive this rule. Any infringement of this rule will incur forfeiture of the match.
-

-
- (j) If players are chosen in a BTS side and make themselves' unavailable to play, they shall be ineligible to play, except in exceptional circumstances accepted by the BTS Board, in any pennant game held while the BTS team is travelling or playing. The penalty for infringement shall be the forfeiture of the game by the side for which he plays.

1.14 Extreme Heat Policy

The following will apply for BTS championships and pennant:

- (a) When the temperature reaches **34 degrees in the shade**, play/competition **MUST** be interrupted at 20 minute intervals (at the completion of the end in play) for a period of 5 minutes, during which time, drinks should be made available. Any time limit imposed on the interrupted match will be waived.
- (b) Where the temperature reaches **37 degrees in the shade**, play/competition **MUST** be **abandoned**.
- (c) **The temperature is to be measured using a thermometer or a calibrated weather station if one is available at the venue.**

NOTE: Clubs MUST adhere to the BA Weather Policy dated July 2017. The policy can be found on the Policies section of the BTS website and is to be read as referring to conditions at the venue where the match is being played.

1.15 **If a player is seriously injured, is seriously ill or passes away whilst playing pennant or immediately prior to playing pennant, Clubs MUST adhere to the BTS Serious Injury and Illness Policy which can be found on the Policies section of the BTS website.**

1.16 Definitions:

- 1.16.1 "Regular" is defined as "someone who has played 50% or more of their games, in the current season, in that Division (or higher)". If the current season is less than six weeks old, a player will be deemed to play in the Division where they regularly played in the previous season.

 - (b) In the case of a team event, a replacement may be allowed in accordance with WB Laws.

If that game was a tie the winner will be decided by the toss of a coin.

2.23 In the event of a match being postponed as the result of inclement weather or poor light or the green being unfit for play, it shall be played or continued at a time decided by the BTS Match Committee, and on the same green if possible. 3.4 Subject to the permission of the club at which a match is to be played, any intending player in that match may practice on any available rink on any green of that club up to 30 minutes prior to the scheduled commencement time of the match. Permission should be granted except under exceptional circumstances.

To comply with WB Law 3.3, practice may not occur on the rink players are drawn to play on, however, players may practice on any other available rink or by placing the mat on the rink pegs rather than the centreline.

-
- 3.5 **If requested to do so by the visiting side captain**, a green shall be timed by opposing side captains approximately 20 minutes before the commencement of play. **If the green is timed**, the speed of the green shall be announced prior to the trial ends. **If a green is deemed unfit for the playing of Pennant matches by the visiting side captain, an official complaint in writing should be forwarded to the BTS Secretary within 48 hours after completion of a game.**
- 3.6 Opposing side captains shall draw for rinks and teams shall play as drawn.
- 3.7 Sides from the same Division are required to play on adjacent rinks wherever possible.
- 3.8 (a) The appointment of an Umpire shall be made by the host club at least one hour prior to the scheduled time for commencement of play. Should the host club not provide an accredited Umpire, an accredited Umpire from a visiting team MUST be appointed if available. If no accredited Umpire is available a suitable, unqualified person may be appointed by agreement of the side captains. (Note: A side captain, the Greens Superintendent or his deputy or his nominated representative MUST not also be the appointed Umpire.)
- (b) The appointment of a Measurer or Measurers can also be made by the host club in addition to the appointment of an Umpire. A Measurer's decision with regard to measuring decisions will be final. Measurers do not have the authority or qualifications to determine any WB Laws decisions.
- 3.9 If the Greens Superintendent or his Deputy is not available at the home club for home matches, a suitable person shall be appointed by the club as his nominated representative of these matches.
- 3.10 One trial end each way, to a bare jack, using the number of bowls that are to be used in the match, shall be permitted with the proviso that the trial ends, if still in progress at the scheduled starting time, shall cease immediately (WB Law 5.1 Trial Ends).
- 3.11 Except in exceptional circumstances, a decision against the commencement of play must not be made prior to two hours before the scheduled start of play. When a decision against the commencement of play is reached before the arrival of the visiting side or sides, such decision shall be promptly telephoned to the visiting club or clubs concerned.
- 3.12 At the scheduled time for commencement of play, if the Greens Superintendent, his Deputy or his nominated representative has not ruled to the contrary, the commencement of play is in the hands of the side captains of the respective sides. In the event that the side captains cannot agree the Umpire's decision shall prevail.

-
- 3.13 (a) If the weather is inclement, before play commences, the side captains should confer and decide whether or not the commencement of play should be delayed until the situation improves or the green becomes unserviceable. Play should normally not be abandoned at this stage and such a decision should be delayed whilst there is still a reasonable prospect for the weather to improve sufficiently to allow the game to be completed.
- (b) If, owing to inclement weather, play has not commenced two hours after the normal scheduled time for the commencement of play, the game should be abandoned.
- (c) If, owing to inclement weather, play has been delayed and the game is unlikely to be finished within two hours of the normal finish of play, the game should be abandoned.
- (d) In the event of a disagreement between the side captains, the Umpire will decide. The Umpire's decision should reflect the opinion of the majority of players and the duty of care.
- 3.14 In the event of adverse weather conditions (including extreme heat as defined in Condition 1.14) after play has commenced, the side captains should confer to decide whether the game should be postponed and, if so, for how long. Postponement should take precedence over abandonment whilst the time remaining to play is sufficient to allow for the match to be completed. In the event of a disagreement between the side captains as to stopping or resuming play, the Umpire will decide.
- 3.15 Should play be postponed, it should be recommenced at the earliest possible time, having regard to playing conditions. If the Greens Superintendent, his appointed Deputy, or his nominated Representative, considers that continuation or recommencement of play will have an adverse effect on the green, he may close the green.
- 3.16 In the event of a game being affected or interrupted by a natural or civil disaster, the game will be abandoned and points shall be shared except if a game is abandoned after sufficient ends have been played to constitute a match, when the game will be deemed to be complete with the match result determined by the scores as at the abandonment.
- 3.17 Other than in the finals, if a match is abandoned:
- (a) In Divisions involving sides of four teams of four players, an aggregate total of 60 ends or more is required to be completed before a match is deemed complete.
- (b) In Divisions involving sides of three teams of four players, an aggregate 45 ends or more is required to be completed before a match is deemed complete.
- (c) In Divisions involving sides of two teams of four players, an aggregate 30 ends or more is required to be completed before a match is deemed complete.
-

-
- (d) When less than the required aggregate number of ends have been completed a match will count as a tie.

3.18 Match Scoring.

- (a) Unless the BTS Board determines otherwise, the results of each match shall be scored as follows:

Match Points – Win = 6, Draw = 3, Loss = 0

Team Points – Win = 2, Draw = 1, Loss = 0

- (b) In each section or Division, as applicable, points shall be allotted for all completed matches. Points for incomplete matches shall be shared
- (c) No points will be allotted for “byes” in rounds where all sides participate equally. In rounds where there is an inequality, those sides receiving byes will be allotted points and shots at the end of the season equal to the average number of points and shots received from all games played during the season. If this results in a negative number of shots the award shots shall be nil.
- (d) In the event of two sides having the same number of points, their order shall be determined by the difference between the shots “for” and “against” each side, and if these be equal by the percentage method, and if these be equal by lot.

3.19 Each home club shall arrange for the results of all matches played on its greens to be entered into the results portal. **The official result sheet should only be used as a last resort for side captain absentees or in emergencies and** shall be sent together with any reports or infringement notices, by phone (0407 058 859), or email (paul.hoddy@bigpond.com) after the completion of the matches. The results sheet must include the given name and the surname of each player. Each club shall comply with any additional or alternative procedures determined by the BTS Board for the communicating of results to the BTS Honorary Statistician or the Daily Press at the conclusion of the days play.

3.20 Pennant Finals:

- (a) A final series will be played involving the first four sides in each Division.

- (b) Finals play shall be arranged as follows:

- (i) The sides finishing third and fourth in the roster shall play in the first semi-final.
- (ii) The sides finishing first and second shall play in the second semi-final.
- (iii) The winner of (i) shall play the loser of (ii) in the preliminary final.
- (iv) The winner of (ii) shall play the winner of (iii) in the Grand Final.

-
- (c) The BTS Match Committee will make all arrangements necessary for the conduct of the final series.
 - (d) Finals Venues:
 - (i) In each Division at the end of the pennant roster, the Club heading the ladder will have the option of choosing the venue for the second semi-final match.
 - (ii) All other venues will be determined by the BTS Match Committee.
 - (iii) Except for the second semi-final and where both competing clubs both play on a synthetic surface, all finals will be played on grass.
 - (iv) Finals should be combined wherever possible so that more than one final can be played at the same venue.
 - (v) Where possible Clubs with teams playing in more than one Grand Final should be played at the same venue.
 - (vi) Grand Final venues should be held in a central location and be held no further out than Brighton, Howrah and Kingborough.
 - (vii) In the event of adverse weather, the Premier Grand Final will be played at an indoors centre.
 - (e) Umpires for all final matches except for grand finals shall be appointed by the host club. A list of accredited umpires is available on the BTS website. The BTS Officiating Panel will appoint umpires for all grand finals.
 - (f) The winner is determined by the highest aggregate score. If, at the conclusion of the specified number of ends, the aggregate scores are equal, each team making up the side shall play an additional end against the same opponent, on the same rink, on the same day if practicable, to achieve a result. The WB Law governing additional ends will apply (WB Law 28). If at the conclusion of the additional end the scores remain equal, a further end or ends shall be played as above until a result is achieved.
 - (g) In the event of any finals match being incomplete at the end of the scheduled session, it will be played or completed as soon as practicable as determined by the BTS Match Committee. If the BTS Match Committee determines that rescheduling is not practicable, the side which finished higher on the roster ladder between the two competing sides in any such finals match shall be declared the winner.

3.21 Eligibility for Pennant and Finals

- (a) Eligibility for Pennant
 - (i) Where a club has a temporary shortage of its own members to fill all its pennant sides, it may play eligible substitute players from other clubs. The maximum number of substitute players shall be one per rink and they shall be included only in the lowest side.

-
- (ii) A registered player from a Club which does not have teams entered in a particular pennant is permitted to play in that pennant with another Club providing the player is registered with BTS and that only one other Club is involved. Such players are not Substitutes and may play in any position. The matter of registration with the other Club is to be between the player and the new Club.
 - (iii) WB Law 39.2.3 allows different regulations to WB Law 39 regarding absentee players in a team. Domestic Regulation 2.5 applies to the effect that, if a game commences with only three players in a team OR, if a game commences with four players in a team and subsequently one of the players becomes ill or cannot continue for other reasons and there are no substitutes available, the game should continue with three players in that team. The team with an absent player plays as though the second is the missing player. The order of play shall be maintained by the second of the complete team playing consecutive bowls. Each player must play two bowls only. The team with an absent player will have no reduction made in its score.
 - (iv) Where a club has two sides in the lowest Division, players are not interchangeable, even as substitutes, after the fourth last pennant game.

(b) Eligibility for Finals

- (i) Where a club has consecutive teams playing in corresponding finals they are permitted to select their teams in order of strength. For this Condition 1st and 2nd semi-finals are to be classed as corresponding, preliminary finals are to be classed as corresponding, and grand finals are to be classed as corresponding finals. (For the purpose of this condition, "consecutive teams" means consecutive teams within a club. e.g. if a club only has teams in divisions 2, 3 and 5 – then divisions 3 and 5 are consecutive in that club.)
- (ii) Players will not be permitted to play in any of the last three pennant games or in finals in a Division **in that competition** once they have played a total of three games in the last six rounds of the roster series in higher Divisions **in that competition** except under the authority of Condition 3.21 (b) (i).
- (iii) No player shall play in finals of Pennant for a Club in a competition unless that player has played at least six completed roster games for that Club in that competition during the season in any of the divisions except in exceptional circumstances approved by the BTS President or his delegate. Such dispensation will only be given for a player to play in a Club's lowest side in a competition.
- (iv) Eligible substitutes who have played a minimum of at least six completed roster games for their Club in a competition may play finals for another Club in that competition. The maximum number of substitute players in finals shall be one per rink and they shall be included only in the lowest side.

(c) Incomplete, abandoned and forfeited games:

- (i) Incomplete games (which have commenced but which are not able to reach the required minimum number of ends to constitute a game) – will be counted as a game played when counting player eligibility.
- (ii) Forfeited games (when one team forfeits a game to its opponent) – will be counted as a game played by the non-forfeiting team only when counting player eligibility.
- (iii) Completed Team Sheets for the above games must be submitted to the BTS Statistician on the day that the incomplete game was played or the forfeited game was due to be played. If Team Sheets are not submitted then the game will not be counted as a game played when counting player eligibility.
