

Bowls Tasmania Return to Play Document

Bowls Tasmania has formulated the following Return to Play Document to assist our Club's in understanding the 3 stages of Tasmania's Roadmap to Recovery and how it specifically applies to the "Bowls World" in Tasmania. This document should also serve in assisting Club's to understand their obligations in allowing people back on the greens within their facility.

Please understand that this document is only applicable to bowls activities and NOT the opening of your bar facilities. The consideration of opening bars, clubs and casinos/gaming has been noted by the State Government as being looked at under Stage 3, but no announcements have been made as yet.

This document has been compiled in line with the AIS Framework for Rebooting Sport in a COVID-19 Environment, Bowls Australia's recommendations and all Tasmanian Government regulations, with an oversight from Community Sport & Recreation Tasmania.

It is imperative that all Clubs who will have a green available for play during this period (indoor and outdoor) have a thorough understanding of this document and your Clubs obligations.

Bowls Tasmania in conjunction with Bowls Australia will assist all Clubs in having an online booking system available through these stages. This will enable Clubs to keep a clear record of who has been at the Club during certain periods and help ensure that Clubs are complying with all restrictions regarding the number of people at the venue at each time. It is recommended that Clubs allow 20-30mins between timeslots to ensure that bowlers have had time to leave the venue prior to the next timeslot arriving. This will also allow time to sanitise all of the necessary equipment in between users.

It is understood that there will be further information from Sport & Recreation Tasmania in the leadup to Stage 2 (15th June 2020). At this time Sports will be seen as a workplace under the rules and it is understood there may be further requirements by Clubs including Workplace Checklists etc. Bowls Tasmania will assist with this process once further information is known.

All bowlers and personnel are reminded that if they are unwell or showing any flu like symptoms they must remain home.

Vulnerable people are encouraged to stay home and protect their health.
(Vulnerable people is per the Government definition)

Should you require any further clarification or assistance around this issue please contact Bowls Tasmania directly; ceo@bowlstasmania.com.au or 6331 7436.

18th May 2020

STAGE 1

- Informal Rollups resume
- Every second rink in use only
- No more than 4 people on a rink (only permitting 2 people at each end i.e. pairs)
- No more than 10 people including staff or volunteers
- The approach to training should focus on 'get in, train, get out'
- Vulnerable People are encouraged to stay home& protect their health.

15th June 2020

STAGE 2

- Applies to roll ups and organised competition.
- No spectators permitted.
- Every second rink in use only
- No more than 4 people on a rink (only permitting 2 people at each end i.e. pairs)
- No more than 20 people including staff or volunteers
- Vulnerable People are encouraged to stay home& protect their health.

13th July 2020

STAGE 3

- Gatherings of 50-100 are to be determined by Public Health
- Further information will therefore be released regarding Sport & Recreation and this information will be updated once available.

Bowlers are reminded that if they are feeling unwell or showing any flu like symptoms to please remain home.

Clubs:

- Bowls Tasmania recommends that all Clubs have a designated volunteer/staff member to fulfil the following guidelines. This person should be fully aware of and compliant with their own State Government legislation and STA advice.
- Hand sanitiser is to be made available at the entrance to the Bowling Club and beside each green in use.
- Disinfectant spray must be made available beside mat/jack boxes. After each use, all mats and jacks must be thoroughly cleaned before being used again.
- Any club bowls that are loaned to players are to be thoroughly cleaned before and after use. (Bowls Tasmania recommends that Club's do not have loan bowls available during this time to minimise the use of communal equipment and the requirement for further sanitisation).
- Bowling Clubs may need to implement a booking system to facilitate rink bookings, to confirm with guidelines. Best practice is that a register of attendees is kept, just in case a communicable illness were to occur. Bowls Tasmania is able to offer assistance to Clubs for an online bookings system.
- Where possible, outdoor-accessible toilets should be open, if using an outdoor green. At the very least, hand washing facilities should be available.
- No barefoot bowls groups to be hosted at this stage.

Bowls Activity:

- Subject to the social gathering and distancing legislation/restrictions, (please note this is particularly relevant during Stage 2) only four people are allowed to play together and the 1.5m physical distancing rule is to be observed at all times.
- There must be one rink space (an empty rink) between each rink in use.
- v
- All players are to use separate mats and jacks (or ensure that the same player on each rink places mats or places/rolls jacks).
- Other bowls equipment cannot be shared between players (e.g. bowls, cloths, measures etc).
- Disinfectant spray must be made available beside mat/jack boxes and between each use all mats and jacks must be thoroughly cleaned by players.
- Players should practice safe hygiene at all times, including washing hands for at least 20 seconds before and after bowls.
- Individuals must leave the premises immediately after conclusion of play and cleaning of equipment.
- Coaching should be limited to no more than a coach and two other people at the time and all practicing physical distancing of 1.5m during the coaching session.
- No barefoot bowls activity.
